A FALSE STEP.

Sweet, thou hast trod on a heart,
Pass! there's a world full of men,
And women as fair as thou art,
Must do such things now and then.

Thou only hast stepped unaware,
Malice not one can impute:
And why should a heart have been there
In the way of a fair woman's foot?

It was not a stone that could trip,
Nor was it a thorn that could rend;
Put up thy proud under lip!
'Twas merely the heart of a friend.

And yet, preadventure, one day,
When sitting alone at the glass,
Remarking the bloom gone away,
Where the smile in its dimplement was.

And seeking around thee in vain
From hundreds who flattered before,
Such a word as "Oh, not in the main
Do I hold thee less precious, but more!"

Thou'lt sigh, very like, on thy part:
"Of all I have known, ocean know,
I wish I had only that heart
I trod upon ages ago!"

THE RULING PASSION STRONG IN DEATH.—The proprietor of a chateau, in the neighborhood of Cassel, France, died a short time since, and his remains, amid a wide spread grief, were lowered into the family vault, and deposited in a sarcophagus in the subterranean chapel, pending the completion of certain operations necessary to prepare the place destined to receive the coffin. The deceased had owned a hound, to which he was particularly attached, and Lucy returned his affection with double interest. At the death of her master, the poor beast would not quit his death chamber and was seen on the morrow, with head bowed down and eye mournful and sad, following with measured steps the funeral cortege, accompanying to its last resting place the body of him of whom she had been so fond. After the ceremony, when the friends and neighbors had retired the outlets of the vault were carefully closed and for a time no one thought of Lucy, but when at length they sought her she could not be found, notwithstanding the active search made all over the estate. The servant specially charged with the care of the kennel, suggested that, as Lucy was with young, she had been prostrated in some cave or hollow in the neighborhood, as she had been in times before. In the meantime the workmen were sent for to complete the details of the interment, but it was not till after the lapse of ten days that they could get to the tomb. The first visit to the remains of one so justly lamented was made with a ceremonious solemnity. But what a spectacle presented itself to the gaze of the visitors! The pall had been pulled off the lid of the coffin had been torn open, and upon the breast of the deceased there lay another corpse, that of poor Lucy, who, without doubt, after having borne her litter had come to die upon the body of her master. In a corner of the vault were found, expiring, the seven little ones, whom the poor animal had ceased to nourish, because she had ceased to live. It is difficult to imagine the labor the faithful creature had gone through in order to lay bare the body of her master, whom she would seem to have wished to come to life again. The cover of the coffin had been gnawed open, the shroud was in pieces; but the corpse remained intact.

DRY GOODS RIVALRY IN NEW YORK.—A correspondent says: "Such is the rivalry between Stewart and Claflin, that when one discovers that the other has a large stock of particular article on hand, he instantly reduces the price below cost, in order to impose a heavy loss on his competitor. They can lose a hundred thousand dollars for the gratification of their spleen, and not miss it; but the effect is to depreciate the value of the stock of hundreds of other smaller establishments, producing a loss which they can ill afford. This makes their business so uncertain, and puts them so entirely at the mercy of this giant capital, that multitudes fail or become discouraged, while many others are deterred from entering into the business. It is thus that these enormous fortunes work an injury to the community. We observe similar results in speculation and finance. The possessor of three or four millions uses his power with tremendous effect. He becomes director or officer of some corporation whose stock is on the market—manipulates it—crushed hundreds of little operators, and rakes their thousands into his pile of millions; and so it goes on—the millions grow the thousands disappear. One man prospers—a host are impoverished. Do not understand me as tinctured with agrarian sentiments, or as disposed to restrain the millionnaire in the free use of his own. My only purpose is to note, as a philosophic observer, the manifest tendency of things in this great whirlpool. It is a misfortune to the country that such mammoth fortunes should be accumulated in a few hands, for we have yet produced but one Peabody, and he made his money abroad."

A BUG MINE.—In boring for an oil well on the margin of a small lake a few miles beyond Ragtown, on the Reese River Road Nevada, on reaching the depth of fifty-five feet water was struck and commenced flowing from the well. And very curious water it proved to be. Some of it was preserved in a bottle, and there soon appeared floating upon its surface a scum an inch or two in thickness, which seemed to be made up of myriads of eggs not half as large as a mustard seed. The smell of the contents of the bottle was fishy and almost intolerable, a sort of cross between rotten dog-fish and Limberger cheese. Under a powerful microscope, magnifying about 5,000 diameters the eggs appeared like hen's egg. The lake is covered with a species of larvæ which produce a peculiar bug or fly—doubtless the same that is found swarming on Mono Lake—and it is supposed that the eggs yield these larvæ, which afterward shed their skins and become flies. Some of the water and contents was put into a Florence flask to be distilled for oil, while another lot was placed in a porcelain saucer and put in a warm place under a stove to hatch out bugs. The Virginia *Enterprise* says: "We think the prospect for bugs is good, but mighty slim for oil. A curious thing about the water flowing from the well is that when it comes in contact with that in the lake it curdles, and in a very short time it hardens into a mass of soda. Tubing is used in the well, as it is being bored in quicksand, though pieces of fuller's earth have been brought up by the auger latterly. Three or four years ago there was talk of coal having been discovered near this lake, or at least good indications; there was also a story about a snake living in it, said 'snaik' sometimes coming ashore and devouring sheep and young cattle—besides other stories of a tide in the lake, a wall round it, etc. Its true character is doubtless about to be found in it—it is an immense bug mine. The owners have a big thing, and can easily make their fortunes out of the eggs—manufacturing caviar."

THE RAINING TREE.—The Island of Fierro is one of the largest in the Canary Group, and it has received its name on account of its iron-bound soil, through which no river or streams flow. It has also but very few wells, and these not very good. But the great Preserver and Sustainer of all, remedies this inconvenience in a way so extraordinary that man will be forced to acknowledge that he gives in this an undeniable demonstration of his wonderful goodness. In the midst of the Island there grows a tree, the leaves of which are long and narrow, and continue in constant verdure winter and summer, and the branches are covered with a cloud which is never dispelled, but resolving itself into a moisture, causes to fall from its leaves a very clear water, in such abundance that cisterns placed at its foot to receive it are never empty.

QUARTZ MILL DESTROYED.—The Osborne Hill Mining Company's mill, situated about a mile and a half from Grass Valley, together with three hundred cords of wood, was destroyed by fire on the 3d instant.—The mill was to have commenced crushing in a few days. The total loss will amount to twelve or fifteen

FLORENCE

SEWING MACHINE.

Copy of the Report of the Committee of Awards at the Fair of the

AMERICAN INSTITUTE

NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,

HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—The perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

SEMI-WEEKLY ENQUIRER.

WEDNESDAY, JUNE 12, 1867.

OUR PRIMARY.—The result of our primary election does not fully express public sentement. Personally, Messrs. Greely and Richmond are equally popular as is evident from the very large and equally divided vote they received; there being only six difference in a pole of 210 votes. Had the vote been on the proposition of Conness or Anti-Conness, we feel justified in saying three fourths of the votes would have been cast against Conness. Those who voted for Mr. Richmond did not indicate that Mr. Greely was not equally worthy of their support, and *vice versa*. The feeling prevailed that both could not receive a nomination at the same convention. The vote is complimentary to both of which in any event they may be justly proud.

NOMINATIONS.—The Union County Convention of Nevada county which met at Nevada City on Saturday last made the following nominations: For State Senator, E. W. Roberts; for Assemblymen, J. D. White, H. G. Rollins, J. M. Days, G. D. Dornin; for County Judge, Addison C. Niles; For Sheriff, R. B. Gentry; for Collector, Dr. McCormick; for Clerk, G. K. Farquhar; for Recorder, A. L. Slack; For District Attorney, J. B. Johnson; for Treasurer, N. P. Brown; For Assessor, E. F. Bean; For Surveyor, H. S. Bradley; For Coroner, W. C. Grove; for Superintendent of Schools, E. M. Preston; for Supervisor of Third District, G. B. Newell. Fourteen delegates were nominated to the State and Congressional Conventions. The following resolution was offered and passed unanimously:

Resolved, That Hon. A. A. Sargent is the choice of Nevada county for U. S. Senator, and members of the Senate and Assembly nominated by this Convention, are hereby instructed to use all honorable means to secure his election.

PROCEEDINGS OF THE CONVENTION.—The Union Convention which met at Auburn on Tuesday and Wednesday of this week, made the following nominations for the various offices within their jurisdiction. It is our intention to make a review of the gentlemen nominated, at some future time. The ticket presented we think will meet the approval of the voters of our county:

For Senator, Charles A. Tweed; for Assemblymen, C. A. Tuttle, M. Waldron, C. G. Spencer; for County Judge, D. W. Spear; for Sheriff, J. H. Neff; for Treasurer, O. W. Hollenbeck; for Clerk, —— Sewell; for Recorder, W. B. Lyon.

BUSINESS OPENING.—We learn that business is improving very much at Meadow Lake. Many of the claims are being actively worked and it is thought that at least six quartz mills will be running at the expiration of the next thirty days. This place will be a resort for many of the lower country people during the Summer months. Its delightful climate, beautiful lakes and grand and varied scenery inviting them thither.

TERRIBLE ACCIDENT.—On Thursday last a terrible and fatal accident occurred at the Cooper crossing, about six miles from Nevada. A man named Thomas Holden was crossing the bridge with an eight mule team, when a section of the bridge gave way, precipitating him with the wagon and mules a distance of sixty or seventy feet into the stream. Mr. Holden, and all the mules, with the exception of one were drowned or killed.

MONUMENTS.—Under the patriotic administration of Governor Geary of Pennsylvania, says Forney's Press, a monument to the fallen heroes of the Mexican war will soon embellish the Capitol grounds of Harrisburg. Such monuments are the best defenses of the country. Let the memory and names of the dead soldiers be cherished and honored, and there will always be living soldiers in time of danger.

NEW CORPORATION.—The North Pacific Fur Company filed their articles of incorporation in the County Clerk's office, at San Francisco, one day last week. Their object is to carry on trade with the North Pacific coast and islands. Capital, $1,000,000, divided into 10,000 shares.

THE Union Convention of this County passed a resolution instructing the delegates from this county to the State Convention to use all honorable means in their power to obtain the nomination of John Bidwell for Governor, and James E. Hale for Secretary of State.

DROWNED.—On yesterday morning a little son of Mr. I. B. Leach of Gold Run, aged about two years was drowned in Bradley's ditch. Although assistance was immediately on hand the child was dead before it could be rescued.

GOOD TEMPLARS.—This Order met on Monday evening last, and had, as usual, a full meeting. It numbers about 60 members, and adds a new convert at almost every meeting.

THE Strawberry Festival for the benefit of the M. E. Church at this place on Saturday last was a success. The net proceeds were $98 62.

HOT.—The weather during the past few days has been exceedingly hot.

GEORGE. C. GORHAM.—The next Governor of California will doubtless add luster to this name. An honest, fearless, great-hearted, clear-headed man. Born in New London, Connecticut, 34 years ago; he came to this State in 1849. He has a wife and five children. Two boys and a girl are in the public schools. He was a Douglas Democrat. He has been, since the war began, a Radical Union man and did as much as any other to form the Union party of this State. He was the first man in California to put himself on the record against the policy of Andrew Johnson, and to mark out the course which Congress ought to pursue. He published and circulated, free, 10,000 copies of several numbers of the *Free American*, full of valuable radical truth to arouse the people to the danger of the apostacy of Andrew Johnson. He was the author of the resolutions passed by the last Legislature and by the mass meeting at Sacramento. There is not a more just, able, upright and courageous leader among the Radicals of this State.

VALUABLE MINING INVENTION—COX'S PAN.—Capt. J. B. Cox, who made himself famous with his destructive battery at Murfreesboro, has invented a cement pan, for the reduction of hard cement and the saving of the gold therein. One of them is in successful operation at Texas Hill, El Dorado county, and from accounts in the local papers, the invention will be of vast importance to miners, and great value to the worthy discoverer. The following particulars are derived from the Placerville *Courier*:

"The pan is six feet clear in diameter, with four revolving arms, on each of which are three fingers about three feet in length, which extend down into the pan, almost touching the bottom. The pan is made for four fingers, which will accelerate the working power, by reducing the time required to separate the cement from the stones; but at present, owing to defects in the power, it is used with three fingers. The bottom is made of four cast iron plates, an inch and a half in thickness, with apertures for the cement to pass through when freed from stones. Those apertures are about three inche in length and a eighth of an inch wide, allowing gravel and cement one-eighth of an inch in size to pass into the sluices beneath. After a charge is worked the pan is opened by means of a trap-door in the bottom, worked by levers, and by two revolutions of the arms the pan is entirely cleared of debris.

This machine is calculated to crush one hundred tons of cement in twenty-four hours, at an expense of about 15 cents per ton. The editor of the *Courier* saw pieces of cement weighing twelve or fifteen pounds thrown into the pan and knocked to pieces in two or three revolutions. Mr. Cox is more than pleased with the success of his experiment, as, indeed, it is but an experiment—this being the only cement mill of the kind in the State. All who have seen it work join in saying that it is just the thing needed to work the immense beds of cement in that and other cement districts of the State, which could not be profitably worked by the old process of crushing. The introduction of these pans must work a revolution in cement mining.

THE TUNNELS ON THE CENTRAL PACIFIC RAILROAD.—There are on the line of the Central Pacific Railroad fifteen tunnels in the Sierra Nevada Mountains. The length of these tunnels is 6,262 feet, and of this distance 5,433 feet have been completed, leaving to be excavated but 829 feet! The following table shows the number of each tunnel, No. 1 commencing on the west, its total length, the number of feet completed and the amount of work remaining to be done:

Number	Length.	Completed.	Remaining
No. 1	500	500	
No. 2	360	360

No. 6 is the Summit tunnel, and it will be seen that there are but 484 feet, or about one-quarter of its entire length remainining, and that is more than half of all the tunneling to be done on the entire line "The work goes bravely on."

RATHER RADICAL.—The following is Gen. Grant's reply to a telegram from Gen. Sheridan and explains itself:

"Your question as to who are ineligible for registration was submitted to the Attorney General. No answer has been received. Go on, giving your town interpretation to the law, until the answer is received.

U. S. GRANT,
Gen. U. S. A.

PASSING HER AROUND.—Quite a number of the lower country papers are giving the celebrated Miss Charlotte Crampton local notices, free. Brother Owen, of the San Jose Mercury talks about a certain V. that he loaned her. Others are hauling her over the coals for sundry printer's bills which she went off without paying.

CHINESE ASSAYER.—Up in Susanville they have a Chinese assayer, who succeeds with the intractable Black Rock ores. The Sage Brush says:

"No little interest is justly awakened by the scientific snap displayed by an Asiatic resident of our city, Tom Cher, through the success of his experiments with Black Rock ore. He has built up quite a neat laboratory laid in a large assortment of chemicals, and by a process entirely his own, gets the metal at every effort. Out of the ores scattered about town he is getting more silver than Hiskey has yet discovered. He says that from a couple of tons of ore he would be able to select, he can make all the money he wants. In the event of his working the ore in large quantities, it is suggested that he be made a naturalized American citizen, and clothed with the rights every freeman possesses. He has shown ability and sense that send to the shades the alchemists and self styled scientific wonders that at various times came among us, saw, and vamosed. Stand aside, gentlemen! Tom is muchly your equal, and by practical illustration will prove that Black Rock is rich, and that a Chinaman can work it.

THE ELEVATION OF MINES.—The silver mines of Kersarge are ten thousand feet above the level of the sea. The silver mines of Alpine county are from five to six thousand feet above the level of the sea. The New Almaden quichsilver mines are one thousand feet above the sea. The mines on the Comstock are from five to six thousand feet above the sea. Reese river and Esmeralda mines are about seven thousand feet above the sea. The Idaho mines vary from three thousand to six thousand feet above the sea. The mines of Arizona are at various elevation from three hundred to three thousand feet above the sea. Those on the banks of the Colorado are perhaps as near the level of the sea as any known.

The following number of miners are given for California: Total number of white miners, 25,750; total number of Chinese 20,000. Placer miners, 20,550; hydraulic miners, 5,850; silver miners 13,000; copper miners, 2,700. So says J. Ross Browne.

WOMEN ASTRIDE.—The Virginia *Trespass* is responsible for the following: "Several respectable but fashionable ladies of Marysville, as we learn from the *Appeal* are preparing to defy awkward custom, which oblidges them to be stuck up against the side of a horse like a flowing circus poster, when riding. They are making Turkish trowsers, and propose to wear them on horseback. The old style is bad—for the woman as well as the horse. We see no good reason why women should not consult their comfort and ride the same as a man or a clothespin."

Perry Davis' Vegetable Pain Killer,

after a thorough trial, by innumerable living witnesses, has proved itself THE MEDICINE OF THE AGE. Although there has been many medicinal preparations brought before the public since the first introduction of Perry Davis' Vegetable Pain Killer, and large amounts expended in their introduction, the Pain Killer has continued to steadily advance in the estimation of the world as the best Family Medicine ever introduced. It is an internal and external remedy. One positive proof of its efficacy is, that the sales have constantly increased and wholly upon its own merits. The effect of the Pain Killer upon the patient, when taken internally in cases of Cold, Cough, Bowel Complaints, Cholera, Dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy, in cases of Burns, Bruises, Sores, Sprains, Cuts, Sting of Insects, and other causes of suffering, has secured for it such a host of testimony, as an almost infallible remedy, that it will be handed down to posterity as one of the greatest medical discoveries of the nineteenth century.

d7 tf HENRY BOEK.

As an internal remedy, has NO equal. In cases of cholera, summer complaint, dyspepsia, dysentery, Asthma, it cures in one night, by taking it internally, and bathing with it freely. It is the best liniment in America. Its action is like magic, when externally applied to bad sores, scalds, and sprains. For the sick headache and toothache, don't fail to try it. In short, it is a Pain Killer.

PERRY DAVIS' PAIN KILLER.—This medicine has become an article of commerce, a thing no medicine has ever became before. Pain Killer is as much an item in every bale of goods sent to country merchants as tea, coffee, or sugar. This speaks volumes in its favor.—GLENS FALLS MESSENGER. d1.

THE RUSSO-AMERICAN TELEGRAPH.—The Russo-Telegraph Company spent $3,000,000 before they gave up the project. Their lines extend to the Simpson River 850 miles north of New Westminister, the capital of British Columbia, and there was no physical bar to their reaching Behring Sea and the embouchure of the Amoor. By their surveys the company have ascertained that the Steeken River is navigable for 150 miles; the rivers Knitchbak and Yoken 1,000 miles; and the river Anader 250 miles from their mouths.

CO-OPERATIVE MOVEMENT.—The printers of Albany, New York, have formed a co-operative association, for the purpose of wresting the printing of the State from the hands of men, who, as they allege, "never saw a composing stick." Their object is proper, and they ought to succeed. None but practical printers understand how such work ought to be done—can do it so well or so cheaply; and to deprive them of it is an implication that somebody is to be enriched and the State swindled.

KILLED BY NITRO-GLYCERINE.—Henry McCarty, Foreman of the workmen engaged in making the Summit tunnel of the Central Pacific Railroad, was killed on the 9th inst., by an explosion of this material. He was sounding the rock with a hammer after a blast had exploded, and accidently struck some of the oil which remained near the blast.

OAKLAND COTTON MILLS.—These mills are capable of turning out e even hundred yards of sheeting per day, and about one hundred thousand yards per quarter, of a light tweed like the Kentucky jean. There are forty persons employed, about thirty of them being females. A few boys also find employment.

DUTCH FLAT RAILROAD EARNINGS.—In three months of last Autumn, when but seventy-three miles of the road, and but a comparative tithe of local State and Nevada trade were opened, the net earnings were $284,364, or enough to pay a dividend of 12 per cent. for one year on the distance named.

YALE COLLEGE is opulently rich, and the faculty are making the very most of the money to raise it to the highest standard of excellence. They have for building purposes $1,500,000, and design soon to erect an entirely new set of brown stone dormitories, memorial chapel, the Peabody Geological Museum and a new Divinity Hall.

ARE HAVING A CHANCE.—The citizens of Nevada city are now having a chance to be releived of their sins. The Rev. Mr. Earle is now preaching to them and we are told, is meeting with considerable encouragement, and that he is gathering in "many converts and much cash."

THE Indians are exceedingly troublesome on the plains. They have caused the suspension of all stage travel, and have commenced an active warfare against the whites. The citizens of Central City have raised a purse of $5,000, and are offering $20 per scalp for Indians.

A MAN in London beat his wife nearly to death 'for having too many children.'—Ex. 'For having too many children;' that is intolerable. Here, people have been known to make trouble because their wives had too many fathers for their children.—Trespass.

ACCIDENT.—Robert Smiley, formerly of Iowa Hill in this county, was seriously injured by the premature discharge of a blast in the Cummingham mine near Nevada city, on Saturday last.

HON J. G. PHELPS received the nomination for Congress before the Union Congressional Convention, held at San Jose on June 10th.

THE Masons of Meadow Lake are to have a grand ball on the 24th instant.

At Colfax, June 7th, the wife of Martin Durand, of a daughter.

Lebanon Mining Company.—Notice is hereby given that at a meeting of the Trustees of the above company held on Saturday the 20th day of April, 1867, an asses-ment of Five dollars ($5.00) per share was levied upon the capital stock of said company payable on Monday, the 20th day of May, 1867, to the Secretary in gold coin, at his office on Prospect Hill, Placer County. Any stock upon which said asssment shall remain unpaid on the 20th day of June will be advertised on that day as delinquent, and unless payment be made before, will be sold on the 5th day of July, 1867, to pay the delinquent assessments together with costs of advertising and the expenses of sale.

MEDICAL.

S. T.—1860.—X.

"JES' SO!"—"EXACTLY!"—Solon Shingle said; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters: if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS
Will cure Nervous Headache,
" Cold Extremities and Feverish Lips,
" Sour Stomach and Fetid Breath,
" Flatulency and Indigestion,
" Nervous Affections,
" Excessive Fatigue and Short Breath,
" Pain over the Eyes,
" Mental Despondency,
" Prostration; Great Weakness,
" Sallow Complexion, Weak Bowels, &c.,
which are evidences of

Liver Complaint and Dyspepsia.

After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmare diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as LOW as a good one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

It makes the hair rich, soft and glossy.
It prevents the hair turning gray and falling off.
It restores the hair upon prematurely bald heads.
This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and sweeney, the Mexican Mustang Liniment never fails

For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped and scalded me terribly. * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.
CHAS. FOSTER, 420 Broad str., Phil.

Mr. S. Litch, of Hide Park, Vt., writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

PRIVATE MEDICAL INSTITUTE,

DR. J. C. YOUNG, IN 1850,

For the cure of all Private Diseases and

ALL FEMALE COMPLAINTS.

CONSULTING OFFICE,

536 WASHINGTON STREET,

SAN FRANCISCO, : : : : : : : : CALIFORNIA

NO CURE, NO PAY.

Consultation by letter, or otherwise, FREE. For direction of letters, see below.

THIS CELEBRATED INSTITUTE has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues, and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Private Medical Institute,

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands of sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small, for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœa, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

San Francisco, June 16, 1864.

Subscribed and sworn to before me, this 21st day of June, A. D. 1864.

[L. S.] A. S. GOULD, Notary Public.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

[L. S.] A. G. RANDALL, Notary Public.

To Females.

When a female is in trouble, or afflicted with diseases as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, they should go or write once to the celebrated female doctor, W. K. Doherty, at his Medical Institute, and consult him about their troubles and disease. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. All Married Ladies whose delicate health or other circumstances prevent an increase in their families should write or call at Dr. W. K. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation

To Correspondents.

Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. Doherty on their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred, Dr. Doherty takes this opportunity of observing, that all letters are only opened and replied to by himself, and the latter as promptly as possible.

If the case be fully and candidly described, personal communication will be superseded, as instructions for diet, regimen, and the general treatment of the case (including the remedies), will be forwarded without delay, and in such a manner as to convey no purport of the letter or parcel so transmitted. ☞ Consultation at the office FREE. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—NEWS

SPECIAL MEDICAL NOTICE.—DR. CHAS. H. TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is at the same place, corner of Kearny and Jackson streets, San Francisco, where he has been established for many years, for the cure of special complaints. Having relinquished my old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers. I think it is only necessary to inform those in need of a Physician of long experience and successful practice, that I can be consulted at all business hours, at my Medical Institute, corner of Kearny and Jackson streets, San Francisco.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palpitation of the Heart, Derangement of their Monthly Sickness, and all other diseases that the Female System is subject to, will find prompt relief by applying to DR. TOZER.

My Female Monthly Pills were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office. Price $5 00 with full directions on each Box. Sent by mail or express.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently indnce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease should apply immediately to DR. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

All communications confidential. je 22-1y

MEDICAL.

DR. CHAS. H. TOZER'S

PRIVATE MEDICAL INSTITUTE.

N. E. Corner of Kearny and Jackson Streets,

SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty years standing, and during this time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on DR. TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for you calling at the office.

Stricture of the Urethra.

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1850. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs, Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodings, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor.

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.

Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of DR. TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

All letters strictly confidential, opened and replied to by the Doctor himself.

Consultation at the office or by letter, FREE.

Cures in all cases guaranteed.

Office hours from 9 A. M., to 9 P. M.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.
